Special thanks first and far most to Yahushua HaMashiach my Savior and our **oΛEoJ**. He gave me my voice and my music. He put music in to the wind and the water and into the very fabric of space and time before I was ever here. I just try to sing it back to Him. Next I give very special thanks to my wife **IrVωoS**. She created the cover art for this album and was a patient stabilizing force reminding me of the simple things in life, like eating to keep up my strength. I also thank my children, **IrIrW JβF**, **IrVG Lf.H**, **IrJF**, **IrSPoY AβGJ**, **IrIrωLMS**, **IrqPhEE**, **IrFGJ oEOGJ**, and **IrDh**. Where ever you are there is a connection and a light. Your spirits are strong and they are in my music and in my life. Thank you to everyone who has prayed for my music, my ministry, and my soul. Thank you to the Sunday School teachers and to my mother for leading me to Yahushua. Special thanks go to Worcester for trying to save the **GWY** from the Trail of Tears by taking a case all the way to the supreme court and for inspiring the **GWY** to assist you in the translation of the **TV oZPp**. How appropriate that the message that saves our souls has been such a salvation to the **GWY** language. As always, thanks to the ancestors whose strong resolve brought us to where we are today. My apologies in advance for the failures of my humble attempts as a “Roy Rogers” Indian trying to preserve my language, my heritage, and worship with my **GWY** brethren in service of Yahushua HaMashiach.

When Jesus say that Jesus heal and Jesus  
plays no games (3x)  
The soldier said  
My servants sick  
Would you heal him today  
Jesus say  
This kind of faith  
Like yours I've never seen  
Then Jesus said  
I'll heal him now!  
And Jesus plays no games!

**IrH** came down to the **TVTΓΩJ** earth  
All the world under the **LGHF** sun  
Had hearts as **EΘFT** as night  
They hung Him up on a **OΩJF** Cross  
That reached to the **EAhFT** sky  
He shed His **Y\$F** blood for all of us  
And before the **DEGhβ** sun went down He  
died  
They laid him in a tomb for three days  
Then He arose **JθΩEOΩ!**  
Crown Him with **YFΩJ** majesty  
He gives us robes of **OΛS**  
We'll sing this song on the street of **LGHFT**  
**IrH GEΩGΩ!** (2x)
